

# Nursery - Summer 2017

## Transport

During the first half of the Summer Term, the children will be learning about different forms of transport. We will encourage the children to talk about their experience of using different transport e.g. going on holidays, getting to and from school etc. We will also learn about how to keep safe on the road. You can help your child by talking about some road signs you encounter whilst walking or driving them to school.

## Weather

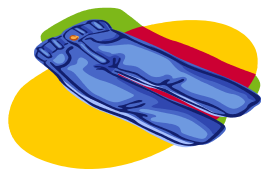

During the second half of the Summer Term, the children will be talking about and exploring the different weather we have in the Summer season. They will learn about the different types of clothing they need to wear and will discuss where they would like to go on holiday. In class we will be filling in daily weather charts and reading stories based around weather e.g. Elmer and the Windy Day.

### Phonics

During their daily phonic sessions the children will continue to learn the sounds and names of the letters of the alphabet. In addition to this, we will be learning to read and write a range of two and three lettered words.

### Mathematics

In mathematics we will be introducing basic addition and subtraction and we will continue to name, recognise and order numbers to 20. We will also be learning the names of a range of 2D shapes.

## Reminders

- The children take a reading book home every Tuesday and Friday. This is for you to read together and talk about. Please remember to write a comment in the reading record about their response to the story.
- Remember to check your child's book bag every night for any work and letters.
- Please keep the book bag separate from food and drink.
- Provide your child with a **labelled** water bottle each day.
- Remember to provide a change of clothes for your child to keep on their peg.
- Please remember to **label all the garments** your child wears to school.
