

Collins ebook Parent Guide

This week we are contacting you with further updates of our Home Learning offer. The children can now access books online that have been assigned to them by their class teachers. The books will support their reading and phonic development familiar to the children as they have been chosen from the sets used at school.

To access your child's Big Cat ebooks, go to: <https://ebooks.collinsopenpage.com/> or click [here](#)

A screenshot of the Collins ebooks login page. It features a red 'Collins ebooks' header, a 'Log In' link, a 'Register' link, an input field for 'Email Address or Username', an input field for 'Password', and a blue 'Log In' button. A small 'Forgot my password?' link is visible at the bottom.

You will then need to enter the username and password for your child. (To receive these please send an email to the class email address).

Once logged in, you will enter the library. Here you will see any books that have been assigned to your child by their teacher. To read the book click on the 'read' button.

For younger children, there is also an audio option for the book to be read aloud to them. Click on the tab along the top bar to access this.

Once the book has been read there are some activities and questions on the back page for you to work through. You can also access a resource sheet for each book by clicking the three dots under the read button.

The Collins eBooks app is also available for iOS from the App Store. The app is free to download, and you can log in using the same details. When using the app you can download books to your device, after which you can then access them without needing to be connected to the internet.

If you have any questions or need further support, please email your child's class teacher.

Yours faithfully,

Miss Phipps (English Leader)
