

# Year 6 Newsletter — Summer

## English

In order to prepare for secondary school, it is essential that the children read EVERY evening! They will be completing regular comprehension and grammar exercises for homework — please help your child with these. This term, the focus will be on writing in different styles and the children will be concentrating on the quality and presentation of their written work so please support your child with handwriting.

## Maths

In the run up to secondary school transition, please support your children with all Maths homework set, including completing the practice papers. The pupils in Year 6 will be working on securing their reasoning and arithmetic skills .

## ICT

We will be using our ICT sessions for online revision leading up to the SATs. After the tests, Year 6 will design and create their very own documentary, filmed using iPad linked to our topic.

## TOPIC

The topic for this term is 'Theatre' where we will explore the ways in which theatres have evolved through the years . We will also be looking closely at the works of William Shakespeare.

## The Final Term

During the last term at St. John's School, Year 6 will continue to receive homework as they need to be prepared for secondary school — this will often be linked to History, Geography, Art etc. Activities will be prepared to aid children's transition and visits in the local area will be organised to support the curriculum.

Thank you for your continued support as we work together to get the children ready for their next adventure — going to Secondary School.
