

Year 6 Newsletter Summer 2026

Welcome back to the start of a new term, I hope you had an enjoyable Easter break. It is nice to see the children back ready to learn.

English and Reading

During the last few weeks before the SATs tests, it is essential that the children read every evening! They will be completing regular comprehension exercises for homework — please help your child with these.

After SATs, the focus will be on writing in different styles and the children will be concentrating on the quality and presentation of their written work, ensuring their punctuation and grammar are correctly used.

Maths

We will be consolidating everything we have learnt this year with a stronger focus on problem solving within a context as well as solving logic and reasoning problems.

In the run up to the SATs tests, please support your children with all Maths homework set. The pupils in Year 6 will be working on problem solving, data handling, graph work and money (financial skills) after the SATs tests.

Foundation subjects

Science: We are investigating Evolution and Inheritance. Recognising that living things have changed over time.

History: We are starting our Crime and Punishment topic, focussing on how this has changed over time throughout different periods of history.

Computing: We are exploring Sensing Movement. This topic brings together elements of all the four programming constructs: sequence from Year 3, repetition from Year 4, selection from Year 5, and variables (introduced in Year 6).

Notices

- PE is on a Tuesday and Friday

- Homework will be given out on a Friday and will need to be returned by Tuesday. We will be giving out extra homework to support the children in preparing for their SATs. It is very important that homework is completed on time and that the presentation of the work is of a high standard.

- Children must read **every** night and their reading journals should be signed by an adult to indicate that they have done this along with the page numbers. **A commitment to spending 15 minutes each night on this will have a real impact on your child's progress.**

when you feel like giving up,
look back at how far you've come.

be strong. stay on your path.
never stop going.

Reminder: theatre trip Wednesday 20th May!

Thank you for your continued support
Miss Kelly and Miss Lorraine
